D. Comments on the project conducted

Problems/difficulties encountered when implementing the project

(You may tick more than one box)

- unable to identify the eligible students (i.e., students receiving CSSA, SFAS full grant);
- difficult to select suitable non-eligible students to fill the discretionary quota;
- eligible students unwilling to join the programmes;
- the quality of service provided by partner/service provider not satisfactory;
- tutors inexperienced and student management skills unsatisfactory;
- the amount of administrative work leads to apparent increase on teachers' workload;
- complicated to fulfill the requirements for handling funds disbursed by EDB;
- the reporting requirements too complicated and time-consuming;
- Others (Please specify): As the school does not specially design activities for eligible students, it is very difficult and sometimes unrealistic to make assessment of the effectiveness of the programme on those target students.

E. Do you have any feedback from students and their parents? Are they satisfied with the service provided? (optional)
