Programme Evaluation Report for DLG-funded Other Programme (Gifted Education) 2025-2026

Subject	Programme	Objectives	Target students	Duration	Evaluation	Expenditure
Chinese	Writing Enhancement Class	To enhance writing skills of students	F.6 20 students	Nov 2025 - Jan 2026	Through reading and writing guidance and practice, students' language foundation has been enhanced, especially in writing. This improvement enables students to perform better in their daily writing tasks.	$5,900
Mathematics	Mathematics Olympiad	Math contest training to further strengthen their Math skills	F.4 8 students	Oct 2025 - Dec 2025 (8 sessions)	Students showed a strong enthusiasm for expanding their mathematical knowledge. Overall, the feedback from students was positive.	$6,000
Biology	F.6 Biology Enrichment Class	To enrich students' knowledge and learning skills in Biology	F.6 11 students	Oct 2025 - Jan 2026	Student feedback was overwhelmingly positive, highlighting significant gains in both Biology comprehension and overall learning skills. Attendees noted that the instruction effectively reinforced core content while equipping them with enhanced study strategies.	$4,500

Biology	F.5 Biology Enrichment Class	To enrich students' knowledge and learning skills in Biology	F.5 8 students	Mar 2026 - Jun 2026	Student feedback was overwhelmingly positive, highlighting significant gains in both Biology comprehension and overall learning skills. Attendees noted that the instruction effectively reinforced core content while equipping them with enhanced study strategies.	$4,500
English	Public Speaking Training	To polish elite students' eloquence and presentation skills in public speaking. To enhance students' confidence in speaking in front of an audience. To prepare students for speech competitions. (Hong Kong Speech Festival)	F.4-6 2 students	Sep 2025 - Dec 2025 (12 sessions)	The public speaking training course effectively polished students' eloquence and presentation skills, equipping them with techniques to deliver compelling speeches. It significantly boosted participants' confidence, enabling them to perform comfortably in front of diverse audiences. The course thoroughly prepared students for the Hong Kong Schools Speech Festival, providing tailored strategies to excel in competitive settings.	$5,400

English	Solo Verse Speaking	To train students' pronunciation & delivery skills. To prepare students for speech compeitions. (Hong Kong Schools Speech Festival)	F.4-6 7 students	Sep 2025 - Dec 2025 (12 sessions)	The Solo Verse Speaking training course effectively honed students' pronunciation and delivery skills, enabling them to articulate poetry with clarity and emotion. It provided targeted preparation for the Hong Kong Schools Speech Festival, equipping students with techniques to excel in competitive verse speaking. The course significantly boosted participants' confidence, ensuring impactful and polished performances.	$5,400
Music	Music-In-School Programme	To provide teaching service to students studying in the school who will sit for the music examination of HKDSE in 2026.	F.6 1 student	Sep 2025- Mar 2026 (54 hours)	Students have a three-hour class once a week. According to the comments from teachers in Hong Kong Secondary School Music Education, student performance is satisfactory.	$4,950
Physics	Physics Enrichment Class 1	To enhance students' knowledge and learning skills in	F.6 13 students	Sept 2025 - Dec 2025 (10 sessions)	The programme recorded an average attendance rate of approximately 60%. Participating students noted that the sessions provided an	$4,500

		Physics			effective review of core Physics concepts. Through detailed explanations and strategic guidance from the tutor, students deepened their understanding and learned to enhance their performance by addressing common analytical errors and problem-solving pitfalls.	
Physics	Physics Enrichment Class 2	To enhance students' knowledge and learning skills in Physics	F.5 16 students	Mar 2026 - Jun 2026 (7 sessions)	Maintaining an average attendance rate of approximately 70%, the programme provided an effective review of core Physics concepts. Through detailed explanations and an engaging learning environment, the tutor encouraged active student participation, helping participants build confidence in tackling complex Physics problems.	$7,000
Geography	6B Geography Enrichment Class	To enrich student's Geography knowledge and skills	F.5, F.6B 17 students	Oct 2025 - Feb 2026 (8 sessions)	The average attendance was around 70%. The students reflected that they have a quick review on Geographical concept. The tutor has explained the Geographical concepts to them in details and maintain an attentive learning atmosphere.	$3,725

Geography	6X3 Geography Enrichment Class	To enrich student's Geography knowledge and skills	F.6 3 students	Oct 2025 - Feb 2026 (8 sessions)	The average attendance was around 70%. The students reflected that they have a quick review on Geographical concept. The tutor has explained the Geographical concepts to them in details and maintain an attentive learning atmosphere.	$4,250
Geography	F.5 Geography Enrichment Class	To enrich student's Geography knowledge and skills	F.5 13 students	Oct 2025 - Feb 2026 (8 sessions)	The average attendance was around 70%. The students reflected that they have a quick review on Geographical concept. The tutor has explained the Geographical concepts to them in details and maintain an attentive learning atmosphere.	$3,875
Chemistry	F.6 Chemistry Enrichment Class	To enrich students' Chemistry knowledge	F.6 17 students	Oct 2025 - Jan 2026	The program continues to successfully target and improve students' academic weaknesses. Although initial engagement was strong, participation gradually tapered off over the term due to scheduling conflicts with other extracurricular activities.	$8,100

Chemistry	F.5 Chemistry Enrichment Class	To enrich students' Chemistry knowledge	-	-	Cancelled since no suitable tutor with the required subject knowledge and teaching experience could be recruited within the planned timeframe.	$0
BAFS	F.6 BAFS Enrichment Class A	To enrich students' BAFS knowledge	F.6 8 students	Sept 2025 - Mar 2026	The average attendance rate was around 80%. Sessions focused on active problem-solving and guided practice, with the tutor explaining key concepts in depth and addressing common learning misconceptions.	$4,500
BAFS	F.6 BAFS Enrichment Class B	To enrich students' BAFS knowledge	F.6 8 students	Sept 2025 - Mar 2026	The average attendance rate was around 83%. Sessions focused on active problem-solving and guided practice, with the tutor explaining key concepts in depth and addressing common learning misconceptions.	$4,500
Visual Arts	Portfolio Workshop	To enhance the techniques and skills in preparing for portfolio work To enrich artistic skills, master	F.4-5 13 students	Oct 2025 – Jun 2026 (9 sessions)	The programme effectively strengthened portfolio research and technical skills by encouraging constructive feedback integration. Through individualized guidance and targeted references, students	$18,000

		visual language, and develop further in the visual arts discipline			successfully reviewed their experiments, refined key ideas, and improved overall presentation quality.	
Visual Arts	Introduction to Animation/AR Workshop	To develop students' creativity and imagination To further enhance students to be self-directed learners and problem solvers with effective learning habits and problem-solving skills To build up students' self-esteem and resilience	F.4-6 15 students	Jul 2026 - Aug 2026 (5 sessions)	The programme broadened students' digital art capabilities by integrating creative thinking with practical animation and AR applications. Through live demonstrations, hands-on exercises, and targeted feedback, students effectively refined their concepts and enhanced their artistic execution.	$11,549.96

Visual Arts	Ceramic Throwing Class	To develop students' creativity and imagination To further enhance students to be self-directed learners and problem solvers with effective learning habits and problem-solving skills To build up students' self-esteem and resilience	F.4-6 9 students	Jun 2026 - Jul 2026 (6 sessions)	Centering on practical ceramics, the programme fostered perseverance and independent problem-solving. Through guided practice in throwing and glazing, students learned to navigate practical challenges, building both patience and creative confidence in their craft.	$9,000
